An island LIKE NO OTHER

Situated at the heart of the Indian Ocean, the island of Mauritius is at a cultural, economic and social crossroads. Famed for its cobalt-blue seas, luxury hotels and people full of warmth, the mere mention of Mauritius invokes images of luxury and a peaceful lifestyle.

The island is loaded with wild nature, historic sites, cultural diversity, and an abundance of land and water-based activities for the whole family to enjoy. Boasting one of the most flourishing economies on the African continent, Mauritius is not only seen as a tourism hotspot but also as a privileged destination for foreign investors.

The North

A PLACE OF AUTHENTIC ISLAND URBANICITY

Located in the north of Mauritius, St. Antoine Private Residence offers the perfect balance between authentic countryside living and modern-day comfort. Only 10 short minutes from the hub of Grand Baie, there is easy access to everyday conveniences – including private schools, shopping, restaurants, bars, the prolific Grand Baie nightlife, and all the nautical activities you could wish for.

Living in

ST. ANTOINE

The magic of St. Antoine Private Residence lies in the exclusivity of a life rich in contrast. Feel free to enjoy the unrivalled sea views or to dive into its invigorating waters; discover the mangroves on a kayak or take up the challenge of big game fishing.

Spend your morning shopping in Grand Baie or lazing by the pool with friends; take the kids to discover the nearby islands and their endemic birds or mountain bike through the surrounding villages with their century-old trees. St. Antoine Private Residence offers a life between land and sea, between relaxation and movement, between schedule and spontaneity – almost always under the warm tropical sun.

Island ADVENTURE

A timeless legend tells of an undiscovered treasure buried in St. Antoine, however, in truth, St. Antoine itself is the treasure. This fascinating town boasts an unparalleled position that compels you to take the time to explore the land, the islands and the history that surround it. Fringed by the Indian Ocean on two sides, it has easy access to two idyllic islands; Ile d'Ambre and Ile aux Bernaches.

L'ÎLOT BERNACHE

Only a few minutes away by boat, Ile Aux Bernaches gives the impression of floating on the water. This small, flat island offers all of the advantages of a private beach, with pure white sands adding to its extraordinary beauty. Its proximity to the coral reef makes it a renowned place for fishing and it also offers diving enthusiasts a magical experience.

L'ÎLE D'AMBRE

A few hundred metres from your home, Ile d'Ambre is a small island with dense and lush vegetation – offering the ideal escape for sunbathing or relaxing in the emerald water of the lagoon. Although this is a protected conservation area, it is accessible to you as a resident of St. Antoine Private Residence.

An aerial architectural rendering of a residential development. The scene shows a cluster of modern, light-colored buildings with blue accents, arranged in a semi-circular pattern around a central green area. A winding road or path cuts through the site. In the background, there is a large body of water, likely a lagoon, with several small, tree-covered islets. The foreground shows a road and more greenery. The overall atmosphere is tropical and serene.
